Launched by IIM Indore in 2011, the five-year Integrated Programme in Management (IPM) is the first of its kind in India. The programme has been accredited by the Association of MBAs, London (4th and 5th Year). It is a unique and creative programme meant for young students with managerial and leadership aspirations. Through the IPM, IIM Indore seeks to attract young students, and mould them as outstanding leaders through a world-class education.

IPM is aimed at students who have passed out of class XII/Higher Secondary or equivalent from schools across India.

Mission:

To produce contextually relevant, socially-conscious managers and leaders with a foundation of world class education in social sciences followed by management education.

Learning Goals:

Given the nature of the programme learning goals of IPM are split into those for the first 3 years and the last two years.

Learning goals for the first three years of the programme:

The IPM will enable students to:

Goal 1: Demonstrates Language and communication Skills

Goal 2: Demonstrates knowledge of basic foundations of Management Studies

Goal 3: Demonstrates ethical understanding

Goal 4: Demonstrates social consciousness

Learning goals of the last two years

Last two years of the programme are at Post-graduate level and the IPM students are mixed with the PGP programme students and they go through the same set of courses as the PGP programme. Hence the learning goals for these two years are the same as that of the PGP Programme. These goals are:

Goal 1: Develop Critical Thinking

Goal 2: Ability to Work in Groups Effectively

Goal 3: Develop Competence in Quantitative Analysis

Goal 4: Prepare socially conscious and ethically motivated managers, leaders and entrepreneurs

The Programme consists of 15 terms spread over a period of 5 years, with each year having 3 terms of 3 months. IPM is in two parts. The first three years build a foundation, and the last two years focus on management.

The foundation has three major elements:

- Courses in Mathematics, Statistics and Economics build analytical rigour.
- Courses in Psychology, Sociology and Political Science along with courses in Economics provide an understanding of the core disciplines on which the study of management is based.
- Courses in Humanities, Literature and Fine Arts provide breadth and perspective.

A combination of analytical rigour and wide exposure equips IPM students for leadership roles and positions of responsibility in different sectors.

After 3 years of intensive study of foundational disciplines, the IPM students train as managers along with the students of the

After 5 years of intensive study of foundational disciplines, the IPM students train as managers along with the students of the Institute's 2-year Post Graduate Programme in Management (PGP), undertaking the same course package in management studies in years 4 and 5.

IPM students are required to complete a social internship at the end of year 2, and a business internship between years 4 and 5. This experiential learning inculcates leadership qualities in them and hones their managerial skills further.

The Indian Institutes of Management Act 2017 came into force from January 31, 2018. At the end of the five year Integrated Programme, the participants would be awarded with Bachelor of Arts (Foundations of Management) and Master of Business Administration (under the Dual Degree Programme) by IIM Indore on successful completion of programme requirements.

Internship

IIM Indore has always been cognizant of an institute's role in shaping the thought processes of its students and has, therefore, made social sensitivity a mainstay of its residential programmes.

The IPM students are required to complete a social internship at the end of year 2.

In addition to the Social Internship, IPM students do a business internship along with the PGP students between years 4 & 5.

Selection Process

The students undergo a rigorous selection process:

- An application form aimed at understanding the students' proficiency in academics, as well as in co-curricular activities is filled up by the aspirant.
- An entrance examination follows, to test the applicant's aptitude, logical reasoning and proficiency in English and Mathematics.
- Shortlisted candidates appear for Written Ability Test (WA) & Personal Interview (PI). The interview panel comprises well-qualified professors from IIM Indore and other prestigious institutions. The interview judges the students' level of confidence, communication skills, general awareness, persuasion skills and knowledge.

The Sanctioned intake for IPM 2022 batch (Domestic Applicant) is 150.

Faculty Resources

IIM Indore has a well-qualified faculty across academic disciplines. IPM students are taught by a mix of resident and eminent visiting faculty, resource persons from renowned colleges/institutes and industry experts.

Student Activities

Apart from academic programmes, the IPM participants are exposed to various extra-curricular activities in order to inculcate in them leadership qualities and managerial skills. The IPM participants have formed several Clubs/Committees through which they complement their academic activities.
