

PROGRAMME OVERVIEW

The four years B.Tech (Civil Engineering) program from School of Engineering & Technology , The Assam Kaziranga University approved by AICTE is offered under the mentorship of The National Academy of Construction (NAC). Students pursuing this program get an additional opportunity of spending 2 - 3 months in NAC, Hyderabad for specialized technology domain training, thereby increasing the possibility of them being offered increased job opportunities. Extensive focus is also given for preparing such students through GRE, GATE, TOEFL, CAT, MAT and various other competitive examinations so that students who desire to pursue higher studies in National/International Universities get such opportunities.

- Duration - 4 Years

- Recognized by UGC

- AICTE Approved

PROGRAM HIGHLIGHTS

- KU provides GATE/GRE/TOEFL/IELTS/GMAT coaching on campus by external agencies for students who aspire to pursue higher education overseas and in India.
- Industry relevant Laboratory facilities.
- Industry and Academic Immersion programmes at Delhi / Dubai / Bangkok /Johannesburg.
- Unparalleled guidance from North East Centre for Entrepreneurship (NECE) to facilitate young minds to innovate, incubate & implement ideas.
- Campus recruitment in companies like TCS, BDS, GENPACT, Teleperformance, CGI, Intel, Vodafone, TNS, Microsoft, Google, Basware, JAGbros, Etech, ThoughtWorks etc.
- Placement assistance through a network of placement offices and consultants spread across India and abroad.

GROWTH PROSPECTS

Employment of civil engineers is projected to grow 20 percent from 2012 to 2022, which is also much faster than the average for all occupations. As infrastructure ages, civil engineers will be needed to manage, build, repair and upgrade every piece of infrastructure. After successful completion of this program, professionals may advance by specializing in an area of civil engineering, planning development projects as an urban planner, or managing other engineers.
