## Bachelor Of Arts

The Bachelor of Arts Degree program anchored at the School provides knowledge and understanding. The institute allows students to explore a miscellaneous branch of learning while enhancing their critical thinking and communication skills. The **Bachelor of Arts** program was designed to provide world-class education to discerning students on subjects within the liberal arts, humanities, social sciences, languages and culture, and fine arts.

Whereas the core and foundation courses' fundamental goal is to foster within students a spirit of investigation and openness to compounded perspectives, the Specialization Courses allow students to delve deeper into an area of their choice of specialization in all liberal arts disciplines.

The distinguishing feature of the program is to bestride the interests of the students in distinct disciplines and to identify the areas of confluence between them. The syllabi are designed keeping in mind their national and international compatibility to keep our students abreast with the latest development across the globe without being uprooted from native traditions.
