About the Programme

Course Overview

The B. Com. programme enables students to develop practically applicable knowledge in the field of Banking and Accounting. The objective of this programme is to prepare a select cadre of future-ready professionals who will not only be efficient and effective managers, but also have a creative and refreshing approach to resolution of business problems and identifying and tapping new opportunities in the marketplace. The programme is designed to familiarize students with the banking and accounting operations, emphasising the preparation and analysis of financial statements. The curriculum provides the appropriate skills to students looking for Banking and Accounting positions in SMEs as well as corporate houses and businesses. Internship opportunities in the final year further helps students hone their skills to meet the requirements of the job in different sectors.
