BEST LAW COLLEGE IN LUCKNOW, UP

HOME / POSTGRADUATE / LL.

Not only is L.L.M. universally recognised, its possession implies that an individual is specially trained in all legal matters pertaining to a specific discipline and that he/she has in-depth, detailed and sound knowledge of it.

Thus, for those students who aspire to completely devote themselves to the study of law in a manner to be in noble position in its specific sections, Babu Banarasi Das University (BBDU) offers the degree of Latin Legum Magister or L.L.M., with a facility providing a never-ending array of books and materials and all practically required setups, along with highly experienced and learned mentors.

PROGRAM OUTCOMES

- PO1 Development of Legal Aptitude and Legal Knowledge: To Create the curriculum at par with highest contemporary standards in order to develop the understanding of the Indian legal system and lawyers' principal roles in that system.
- PO2 Problem Analysis: Identify, formulate, review literature and analyze complex Legal issues reaching substantiated conclusions using principles of law, equity and justice.

PROGRAM OUTCOMES

- PO3 Design/ Development of Solutions: Design solutions for complex legal issues by equipping the students with the capability of understanding and using statutes and precedents in order to solve legal problems or construct legal arguments & predict the probable judicial resolution of simulated legal disputes.
- PO4 Legal research: To facilitate the students to learn the nuances of legal research by extensive study of various educational resources and modern research tools including prediction and modeling of solutions to complex legal issues with an understanding of the limitations .
- PO5 Pleading, Drafting and Conveyance: Use research based knowledge and research methods to write a memorandum predicting the probable judicial resolution of a simulated legal dispute in a form that conforms to basic professional conventions regarding analytic support, organization and style.
- PO6 Effective Citizenship: Inculcate values of Rights and Duties, and transfer these values through legal and judicial process for promoting community welfare.
- PO7 Environment and Sustainability: Understand the impact of the legal solutions in environmental context and utilize the knowledge of law in its preservation and inculcate the idea of sustainable development.
- PO8 Ethics: Apply ethical principles and commit to professional ethics and responsibility of the legal practice.
- PO9 Individual and Team Work: Function effectively as an individual and as a member or leader in diverse teams and in multidisciplinary settings.
- PO10 Effective Communication: Ability to learn the art of communicating and demonstrating their oral advocacy skills. Projecting the facts in a way suitable to the client and power to convince on Legal reasoning forms the essence of communication in courts of law. Communicate effectively with the legal fraternity and with society at large at national as well as international platforms. Be able to comprehend and write effective reports and documentation of various law related issues. Make effective presentations, and give and receive clear instructions.
- PO11 Project management, Employability and Entrepreneurship: Demonstrate knowledge and understanding of legal principles and apply these to gain monetary benefits for oneself, as an able member and leader in a team. Manage projects in legal as well as multidisciplinary environments and create new avenues in the legal professions.
- PO12 Life-long learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of legal change.

PROGRAM SPECIFIC OUTCOMES

- PSO1 It is specially designed to provide the in-depth knowledge to legal Practitioners to handle the cases related to Criminology and Penology and to provide practical training & knowledge to the Student aspirants who are involved in legal practice in Criminal Law.
- PSO2 Learn the art of doing doctrinal and empirical research which covers knowledge and implementation of various Criminal Law principles. To development Ability of the students to analyze the legal problems from scholarly and objective point of view and work towards finding solutions to the problems by application of laws and regulations.
