The courses will also help students become social engineers equipped with alternative policy options. The B.A. program is consisting of courses covering:

- Economics
- Political Science
- Sociology
- History
- Psychology

## B.A.,LL.B. (Hons.)

Public policy is the base on which the entire process of governance thrives. It is the dynamic face of state and society. The nature of social, economic and political development of a society is completely dependent upon the public policy formulated by a government. Consequently, there is a strong interface between Law and Public Policy. Therefore, B.A., LL.B. (Hons.) has been designed in accordance with the changing nature of socio-economic conditions of the society. This is based on new developments in the wake of Liberalization and Globalization, which has led to the expansion of market-forces and the new kind of demand has come on the fore. Multidisciplinary integrated learning is truly the hallmark of this course.
