

The Department of Management was established the year 2005 and four courses are being offered by it. The course includes Masters programmes in Business Administration (MBA) and Bachelors in Business Administration (BBA), recognized by the All India Council of Technical Education (AICTE), New Delhi, PhD and MPhil programme. The post graduates produced by the School have done it proud with placement in reputed organizations such as Wipro, HDFC Bank, Airtel, Vodafone & ICICI. The School has earned distinction of having produced large number of UGC-NET - JRF and SLET qualified students. This has been possible on account of the quality training imparted by the School.

The Expert teachers from various Universities and experts from corporate sector are involved in preparing students for facing the challenges of corporate world with poise and confidence. Teaching in the School is interactive. Students participate in seminars and conferences organized by the Department on regular basis to advance their knowledge base and improve articulation.

The course curricula are based on UGC Model Curriculum and the real world business environment and economic events. The emphasis of the programmes is on strengthening analytical and critical skills of the students on rolls. Availability of modern computer laboratories, state-of-the-art teaching aids and internet connectivity help students to learn, appreciate and analyze the important events shaping the business world. The department endeavors to produce business students capable of handling managerial positions in business organizations in India and abroad.

The Department is giving all around exposure to the students and is offering three specializations to the students as Finance, Human resource & Marketing. The syllabus of each specialization has been prepared in such a manner that it covers all the important issues of finance, marketing & HR that enables the students to face the real world challenges. In order to keep pace with the dynamic market environment, the syllabi of all the courses are revised through a set procedure established by the university after every three years. The feedback is taken from all the stakeholders before modifying the syllabus that includes students, teachers, parents, employers (students who are working in some companies) and alumni. The suggestion from all the stakeholders is taken into consideration and is thoroughly discussed in front of an expert from the other University in Board of Studies meeting and then the syllabus is modified accordingly.

PO1. Help to develop managerial skills: Master of Business Administration forces students to get out of comfort zone, deal with the latest issues in international business, finance and marketing, apply the newest management techniques, and constantly challenge student.

PO2. Better career opportunity: There are several core areas covered within an MBA program, including Human Resource, Statistics, Technology and Information Systems, Economics, Financial management, and Marketing. All these areas qualify an MBA graduate to pursue a career in multiple sectors.

PO3. Be your own Boss: With an MBA degree program, you'll be taught business management, planning and even financial handling. These skills will put you in the perfect position to manage your own business effectively, while contributing to the economic development of your country.

PO4. High salary potential: MBA graduate is employed in private and public sector. If you do some research into salaries paid out to an individual with an MBA versus salaries of those with other degrees you will see that there is a significant difference.

PO5. Project Management and finance: Demonstrate knowledge and understanding of the management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO6. Enhance communication skills: As part of an MBA program, enrollers are taught how to speak clearly and distinctively. How to develop effective and exceptional presentations, and overall, how to interact with others in and out of the classroom setting. These communication skills are invaluable in the business world.

PO7. Enhance Knowledge: program has thoroughly enlightened on certain aspects of life, especially concerning operations within the business world.

PO8. Environment and sustainability: Understand the impact of the professional Managerial solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO9. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the Business practices

PO10. Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.

PO11. Life-long learning: it not only enhances social inclusion, active citizenship, and personal development, but also self-sustainability, as well as competitiveness and employability.
