The IIM PhD Program is IIM Udaipur's doctoral level program designed for students with strong academic credentials who aspire to undertake demanding original research. Students earning a PhD in management from IIM Udaipur will be well-equipped for a calling in the academia, especially with the increasing focus on continued research throughout the career.

IIM PhD Program generally has a duration of 5 years. Students first complete rigorous coursework covering foundational subjects, methods and advanced courses in the area of specialization. The courses for PhD students are exclusively designed and are completely separate from the MBA curriculum. During this time, students gain experience and mastery in a range of research skills, approaches, subject area and methods.

After completing a comprehensive examination in their chosen area, students work on their doctoral dissertations, undertaking original research designed to make a significant scholarly contribution in their field.

PhD students at IIMU receive a full fellowship that covers the cost of tuition, accommodations, other program expenses and a stipend for a living allowance.
