

The BEd Advantage

A Noble Profession

Teaching is one of the most respected professions in the world and it plays a crucial role in building mindsets of an entire generation of young individuals.

Hands-On Learning

Enables you to learn methodologies, practical techniques, and training processes essential to become an efficient and successful educator.

Umpteen Opportunities

Post the course, you can work as school administrator, educational counsellor, school teachers, educational entrepreneur, freelance trainer or educational researcher.

All Round Self Development

The course helps you develop both cognitive and non-cognitive abilities and shapes you into a competent and confident professional who views challenges as opportunities.

School of Liberal Studies and Education

School of Liberal Studies and Education offers programs in Teacher Education that are highly reputed because of their high quality curriculum, distinguished faculty members and focus on practical training.

With the connect in premier schools and the local education community as an advantage, Navrachana University offers distinctive undergraduate, postgraduate and PhD programs [BEd, MEd, Postgraduate Diploma (ECCE) and PhD (Education)] that equip students to ace the field of Education.

The BEd Program

The Navrachana chain of schools in Vadodara, are considered as the epitome of quality education and educators, and this legacy of experience and resources is symbiotic with the Teacher Education Program offered by Navrachana University.

With training in broad-based, practical education in School Teaching through disciplinary courses and electives, and specialized knowledge in two School Subjects, the two-year BEd Program prepares students for multiple contexts and roles in contemporary schools. The program is approved by the National Council for Teacher Education (NCTE). While our courses on Entrepreneurship Education and Knowledge of Visual Design add to the innovative aspects of the NUV curriculum, our focus on hands-on-education through simulation exercises prepares students for real-life experiences in actual classrooms.

Due to the untiring efforts of the pioneers of Navrachana University Education and the relationship developed between the University and the large network of schools of Vadodara, the BEd program of NUV has been successful in providing 100% placement for all its batches so far.

B.Ed @ NUV Advantage
